

Performance-built. Future-bound.

Expandable desktop with the latest Intel® processors. Designed for small business with an array of graphics and storage options.

Operating System

Available with Windows 10 Pro - for a smooth, versatile PC experience.

Performance workhorse

Packed with power: Blast through your workload quickly and efficiently with up to 9th Gen Intel® Core™ i7 processors and up to 16GB DDR4 2666 MHz memory. With six cores, your performance gets a serious boost and you can do more at once in less time.

More multi-tasking: Run multiple apps faster and enjoy sharp, high-quality visuals on everything from PowerPoint presentations to video edits with up to 2GB GDDR5 NVIDIA® GeForce® GTX 1030 Ti graphics.

Easy expansion: Get up to 2TB of solid state storage for easy access to all the files, photos and videos you need. For enhanced performance, add up to 512GB PCIe M.2 SSD or choose dual drives so you can run more programs at once without sacrificing speed. Supports up to 4GB GDDR5 NVIDIA GeForce GTX 1050 Ti graphics.

Desk-friendly design

Cool factor: The unique mesh design on the front of the system incorporates additional vents, for reduced dust, faster cooling and an overall improvement in performance. Color options vary by region.

Space saver: With a small footprint, the Vostro tower leaves plenty of desk space open while keeping ports within easy reach.

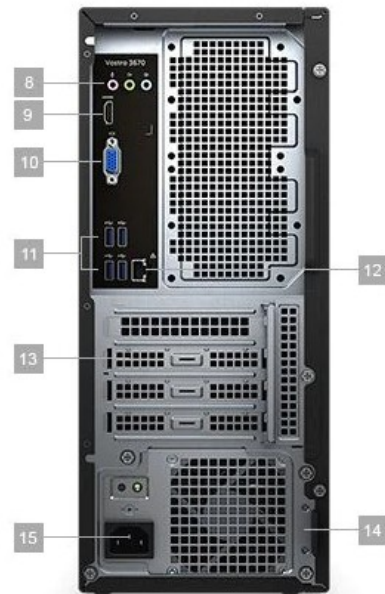

Seamless security

Encryption de-mystified: Enjoy commercial-grade security including Hardware TPM 2.0—hardware protection and storage for encryption keys that verify your device as unique and trusted.

Restricted access: Be assured that unauthorized users aren't accessing your systems thanks to Bitlocker, offering options for multi-factor authentication and system lock-down without the appropriate personal identification number (PIN).

Ports & Slots

1. ODD LED Lens | 2. Optical Drive | 3. Power On Button | 4. HDD LED Lens | 5. SD Card | 6. Universal Audio Jack | 7. USB 3.0 Ports (2) | 8. Line In/Out | 9. HDMI | 10. VGA Connector | 11. USB 2.0 Ports (4) | 12. Gigabit Ethernet | 13. Expansion Slots (4) | 14. Security Cable Slot | 15. Power Supply Unit

Dimensions & Weight

1. Width: 160mm (6.3") | 2. Depth: 289mm (11.39") | 3. Height: 373.6mm (14.71") | Starting weight: 5.27kg (11.6 lbs)

Dimensions & Weight

Height: 14.71" (373.7mm) x Width: 6.3" (160mm) x Depth: 11.39" (289.4mm)
Starting at Weight: 11.6lbs (5.27kg)

Security

McAfee Security Center
Physical security – Kensington Cable chassis security slot and padlock loop
TPM 2.0 hardware
Microsoft Windows BitLocker
Local HDD data wipe via BIOS ("Secure Erase");
Support of Computrace BIOS agent – supports both Computrace and Proactive Systems Management

Ports

Front IO ports:

- 1 ODD LED Lens
- 1 Optical Drive
- 1 Power On Button
- 1 HDD LED Lens
- 1 SD Card
- 1 Universal Audio Jack
- 2 USB 3.0 Ports

Rear IO ports:

- 1 Line In/Out
- 1 HDMI
- 1 VGA Connector
- 4 USB 2.0 Ports
- 1 Gigabit Ethernet
- 4 Expansion Slots
- 1 Security Cable Slot
- 1 Power Supply Unit

Slots

- 1 SD card reader

Chassis

Color Options

Black with Silver Trim

Power

290W PSU (APFC, EPA Bronze)
